## 1. Create a Report

To create your report, click **Start a Report**.

The screenshot shows the Concur user interface. At the top, there is a navigation bar with links for Home, Expense, Approvals, Reporting, and App Center. The user is logged in as Kathleen, and the interface displays several key metrics: 00 Required Approvals, 00 Available Expenses, and 08 Open Reports. The 'Start a Report' button is highlighted with a red box. Below the metrics, there is a 'COMPANY NOTES' section with an important notice about international travel. At the bottom, there is a 'MY TASKS' section with three cards: 'Required Approvals' (00), 'Available Expenses' (00), and 'Open Reports' (08). The 'Open Reports' card lists three reports: 'Edinburgh trip' (\$7,249.10), 'New Orleans Conference- Hotel' (\$1,000.00), and 'Denver Conference- APS' (\$255.26).

This will bring you to the report header. You will need to fill out all the fields that have a red tab on the left-hand side before you can click **Next**.

The screenshot shows the 'Create a New Expense Report' form in the Concur Expense Center. The form is titled 'Create a New Expense Report' and is under the 'Process Reports' section. It includes a 'Report Header' section with the following fields:

- Policy: MIT US Expense Policy (dropdown)
- Report Date: 09/10/2014 (calendar icon)
- Report Name: (text input, highlighted as required)
- Report Key: (text input)
- Trip Purpose: (dropdown menu, highlighted as required)
- Cost Object: (dropdown menu, highlighted as required)
- Trip Start Date: (calendar icon, highlighted as required)
- Trip End Date: (calendar icon, highlighted as required)
- Destination: (text input)
- Trip Classification: (dropdown menu, highlighted as required)
- Comment: (text area)

A yellow box labeled 'Required fields' has arrows pointing to the Report Name, Trip Start Date, Trip End Date, and Trip Classification fields. At the bottom right, there are 'Next >>' and 'Cancel' buttons.

**Report Name:** This is an open field. Please enter a combination of the trip purpose, destination and any other helpful, identifying text.

**Trip Purpose:** This is a drop-down menu. Select the most appropriate trip purpose. Some of the options map to the unallowable GL (general ledger) account and cannot be used with a sponsored cost object. These are fundraising, president travel, prospective student visit, resource development, and retreat. Two options are taxable: house hunting and relocation. All the other options are allowable and non-taxable.

**Cost Object:** Type in the appropriate cost object for your trip and then select it from the drop-down menu. If you need the report to be charged to more than one cost object, you may allocate it accordingly once you are in the body of the report.

**Trip Start and End Dates:** You can type the date in the format of 09/10/2014 or click on the calendar icon and select your start and end dates. These should be the departure and return dates from Boston or the city the traveler is based in.

**Destination:** Type in the city and either state (domestic) or country (international). If multiple cities were included, type them in the format: Dallas/San Francisco/Portland.

**Trip Classification:** Select domestic or international. If a trip has a domestic stop in addition to an international destination, select **international**.

**Comment Field:** Although this is not a required field, it is a good place to enter any additional information that should be in the record or that will help your approver or MIT Travel Services review the report.

Report Name:  
Include the destination, purpose and any other useful information.

Trip Purpose: Click on the most appropriate selection from the drop-down menu.

The screenshot shows a web browser window with a navigation bar containing 'Expense', 'Approvals', 'Reporting', and 'App Center'. Below the navigation bar are tabs for 'Manage Expenses' and 'Process Reports'. The main heading is 'Create a New Expense Report' with a sub-heading 'Report Header'. The form includes several fields: 'Policy' (MIT US Expense Policy), 'Report Date' (09/10/2014), 'Report Name' (Denver Conference- APS), 'Report Key' (crossed out with a blue X), 'Trip Purpose' (Conference), 'Cost Object' (16335), 'Trip Start Date', 'Trip End Date', 'Destination', and 'Trip Classification'. A search dropdown for 'Cost Object' is open, showing a list of codes and descriptions, with '(1633500) VPF-M&S' highlighted. A 'Next >>' button and a 'Cancel' button are at the bottom right.

Cost Object: Type in the cost object and select it from the drop-down menu.

**Trip Start and End Date: Type in or select using the calendar icon on the right side of the field.**

## 2. Complete the Report

This will bring you to the body of your expense report. This is where you will **import** any travel card charges from your trip, **add** any out-of-pocket expenses, **edit/itemize/allocate** those expenses as needed, then attach receipts and **submit** your report.

To add travel card charges from this trip to your report, click **Add Card Charges**.

The screenshot displays the Concur Expense Center interface for a report titled "Denver Conference- APS". The navigation bar includes "CONCUR", "Expense", "Approvals", and "App Center". Below the navigation bar, there are tabs for "Manage Expenses", "View Transactions", and "Process Reports". The main content area shows the report title "Denver Conference- APS" and a "Submit Report" button. A callout box points to the "Add Card Charges" button, which is circled in red. The "Add Card Charges" button is located in the "New Expense" section, along with "New Expense" and "Quick Expenses" buttons. Below the "Add Card Charges" button, there is a table with columns for "Date", "Expense", "Amount", and "Requested". The table is currently empty, with the text "No Expenses Found" below it. To the right of the table, there is a "New Expense" form with a "Receipt Store" link. The form includes a "Expense" field and a list of "Recently Used Expense Types" and "All Expense Types". The "Recently Used Expense Types" list includes "Airfare", "Conference", "Personal Car Mileage", "Entertainment-Other", and "Business Meeting/Meal (attendees)". The "All Expense Types" list is organized into columns: "A. Transportation" (Agency Fee, Airfare, Airline Change Fee, Baggage Fee, Bus), "E. Communications" (Long Distance), "F. Per Diem" (Domestic Per Diem, International Per Diem), and "G. Business Promotions". At the bottom of the page, there is a summary table with "TOTAL AMOUNT \$0.00" and "TOTAL REQUESTED \$0.00".

The charges you selected will now move to your expense list.

When the charges are moved you may see red warning icons on some expense line items. This is something that needs to be edited before you can submit the report.

The screenshot shows the 'Denver Conference- APS' report in the Concur Expense Center. At the top, there are navigation tabs for 'Expense', 'Approvals', and 'App Center'. Below that, there are links for 'View Transactions' and 'Process Reports'. The main content area is titled 'Denver Conference- APS' and includes buttons for 'Delete Report', 'Submit Report', 'Add Card Charges', 'Details', 'Receipts', 'Print', and 'Hide Exceptions'. A table titled 'Exceptions' shows one entry: 'Meals (Breakfa...' on 09/21/2014 for \$4.28 with a red warning icon and the message 'Missing required field: Alcohol.' Below this is a table of 'Expenses' with columns for Date, Expense, Amount, and Requested. The 'Meals (Breakfast/Lunch/Dinner)' entry is highlighted with a red circle and a red warning icon. To the right, there is a 'New Expense' form with a dropdown for 'Expense Type' and a 'Recently Used Expense Types' list.

In this example the warning says "Missing required field: Alcohol." You will need to confirm whether the meal included any alcohol and save the expense to remove the warning message.

This screenshot shows the 'Denver Conference- APS' report with the 'Meals (Breakfast/Lunch/Dinner)' entry selected. The 'Exceptions' table shows the warning: 'Missing required field: Alcohol.' The 'Expenses' table shows the selected item. The 'New Expense' form is open, showing the 'Expense Type' as 'Meals (Breakfast/Lunch/Dinner)'. The 'Alcohol' dropdown is set to 'No'. The 'Transaction Date' is 09/21/2014, the 'Amount' is 4.28 USD, and the 'Vendor Name' is 'DUNKIN #340212 Q35'. The 'Save' button is circled in red. A note at the bottom left explains that selecting 'Alcohol-Yes' requires itemizing the alcohol.

To indicate whether the meal included alcohol, click on the line item to bring up the expense detail, then click the alcohol drop-down and select **No** or **Yes**. Then click **Save**.

Note: If you select **Alcohol-Yes**, you will need to itemize the alcohol. Instructions for itemizing are included later in this guide.

Once you have moved your travel card charges, you can begin entering any out-of-pocket expenses. To enter out-of-pocket expenses, click **New Expense**.

To attach a file to an expense line item first select it, then choose and upload the file. Line item attachment should be used when the file is for a single expense line item. To attach at the report level, choose and upload up to 10 files, without selecting an expense line item.

You can recall the report until it has been approved by Travel Services. After Travel Services has approved the report, the Recall button will no longer be visible.

## Additional Considerations

### What if the traveler owes MIT money?

In this case, the proper procedure is as follows:

- The submitter should note in the Report Header that a check for payment is on its way.
- The check should be payable to MIT. The check and a printout of the MIT Detailed Report (under Print/Email button within the report) should be sent to Travel Services, NE49-4037.

### Using a Guest Profile

- Guest profiles are used to reimburse individuals who do not have an account on file with HR/Payroll.
- A guest profile may also be linked to your department's Travel Card. In this circumstance, you would use your guest profile to reconcile your department card charges and reimburse visitors and others who are not set up to receive a direct deposit from MIT.
- An expense report done in a guest profile creates a paper check. Due to this, the report header includes extra fields where you need to input the payee's name and address. NOTE: If you are sending the check to an MIT address, make sure to include 77 Massachusetts Avenue and then the MIT building and room number.

To create a report under your guest profile, first administer for that profile and click **Apply**.

The screenshot displays the Concur Expense Center interface. The main view shows an expense report for 'Denver Conference- APS' with a table of expenses. A modal window is open for administering a guest profile for Kathleen McGrath. The modal includes fields for User Name, Email, and Employee ID, all set to 'GUEST, TRAINING\_'. Below these fields is a search field for 'Administer for another user...' with the value 'kmcgr'. A red circle highlights the 'Apply' button in the modal.

Date	Expense	Amount	Requested
08/28/2014	Airfare American Airlines	\$560.00	\$560.00
08/28/2014	Hotel/Motel/B&B	\$450.00	\$450.00
08/28/2014	Car Rental Budget	\$190.00	\$190.00
08/28/2014	Taxi Denver, Colorado	\$120.00	\$120.00
08/28/2014	Meals (Breakfast/Lunch/Dinner)	\$50.00	\$50.00

Report Totals	Amount Due Company	Amount Due Employee
	\$0.00	\$1,370.00

TOTAL AMOUNT: \$1,370.00  
TOTAL REQUESTED: \$1,370.00

When creating a new report under a guest profile, extra fields will appear in the report header. Everything from Guest Name onward is exactly what will print on a paper check.

Make sure that Guest Name is the payee's legal name and that the address fields list the address you want the check mailed to.
